TESTIMONIALS

Rachel Zappone, USA -
Teaching in South Korea

“ The observation videos were very helpful to experience what it would be like in an actual classroom, especially for those who have never taught before. It was a really good course and the material that was covered throughout it has been very helpful. I am currently in Seoul, South Korea, I have been here for 3 weeks now, and I absolutely love it.

Angelique Latimer, USA

“ I am so happy I chose TEFL Express. I have learned so much and feel confident with the new tools I'll be able to use in the classroom and teaching online. Thank you for creating an excellent online platform that is informative and interactive.

Pauric McGorry, Galway,
Ireland

“ TEFL gives me an opportunity to travel, teach English and learn new experiences in new cultures. TEFL's teaching practice really is invaluable as you can go into a job with some confidence and knowledge of how to structure a class. They also prepare you for common problems you will encounter and how to cope with unexpected questions or disruptive students. I would happily recommend TEFL to friends who are looking for employment when travelling overseas.

Yvonne Kelly, Galway,
Ireland

“ I heard about the TEFL course through a friend who completed the course and was teaching abroad. He spoke highly of TEFL and convinced me to take the course. TEFL gives me an opportunity to add to my CV, travel to new exciting areas, Explore new cultures, get experience teaching and get paid for doing something I love to do! I'd highly recommend this course for those who someday hope to travel and work in a new country!

Carla Martinho,
Portugal

“ Well, I have been working as a teacher for a long time, and I do believe the course reflects well the teaching experience. The way it was structured and its subjects. I found it very realistic in what concerns the teaching experience. I've been teaching for many years and wanted a certificate which would allow me to teach abroad. I have recommended your courses to fellow colleagues and will continue to do so.
